INTRODUCTION

The Illinois Register is the official state document for publishing public notice of rulemaking activity by State governmental agencies. The table of contents is arranged categorically by rulemaking activity and alphabetically by agency within each category. Rulemaking activity consists of proposed or adopted new rules or amendments to or repealers of existing rules, including those by emergency or peremptory action.

The *Register* also contains Executive Orders and Proclamations issued by the Governor, notices of public information required by State statute, and activities (meeting agendas, Statements of Objection or Recommendation, etc.) of the Joint Committee on Administrative Rules (JCAR), a legislative oversight committee which monitors the rulemaking activities of State agencies. In addition, the *Register* contains a Cumulative Index listing alphabetically by agency the Parts (sets of rules) on which rulemaking activity has occurred in the current *Register* volume and a Sections Affected Index listing, by Title of the *Illinois Administrative Code*, each Section (including supplementary material) of a Part on which rulemaking activity has occurred in the current volume. Both indices are action coded and are designed to aid the public in monitoring rules.

The *Register* will serve as the update to the *Illinois Administrative Code*, a compilation of the rules of State agencies. The most recent edition of the *Code* along with the *Register* comprise the most current accounting of the State agencies' rules.

The *Illinois Register* is the property of the State of Illinois, granted by the authority of the Illinois Administrative Procedure Act (Ill. Rev. Stat. 1991, ch. 127, pars. 1001 et seq., as amended).

5) Complete Description of the Subjects and Issues Involved: Amendments are being proposed concerning the Inspection of Care rules under Sections 144.5 through 144.250, which apply to residential facilities for persons with developmental disabilities (ICF/MR). These amendments add clarifications about the types of facilities (license groups) which are governed by these regulations, update cross references to other administrative rules which have been recodified, and bring these rules into agreement with a companion rule, Section 144.275, which addresses reimbursement in ICF/MR facilities. These latter changes are necessary because the ICF rules and the reimbursement rule all contain common information about Specialized Care - Health and Sensory Disabilities. The proposed amendments also delete outdated information in Section 144.5 regarding the conversion of SNF/PED facilities to ICF/MR certification.

Implementation of these proposed amendments will not result in any additional expenditures by the Department.

Section 144.5	Determination of Program (Active Treatment) Costs
a)	The Department reimburses residential facilities for program costs associated with the delivery of active treatment to individuals with developmental disabilities, according to information obtained during each facility's most recent Inspection of Care (IOC) Review conducted by Department staff. The categories of facilities which are affected by Sections 144.5 through 144.260 and 144.TABLES A, B and C are intermediate care facilities for individuals with developmental disabilities (ICF/DD), long-term care facilities for persons 6 and 22 years of age (SNF/PED), specialized living centers (SLC), and intermediate care facilities for individuals with developmental disabilities, of fifteen (15) beds or less (ICF/DD-16). Facilities affected by Sections 144.5 through 144.250 and 144.TABLES A, B, and C are those certified as Intermediate Care Facilities for the Mentally Retarded (ICF/MR) and licensed as:
1)	intermediate care facilities for individuals with developmental disabilities (ICF/DD) (including specialized living centers (SLC));
2)	skilled nursing and intermediate care facilities for individuals with developmental disabilities who are under age 22 (SNF/PED); and
3)	intermediate care facilities for individuals with developmental disabilities of 16 beds or less (ICF/DD-16).
b)	IOC Review assessments of 100% of the Medicaid residents are conducted in these facilities every twelve (12) months. Program rate determination is based upon IOC Review criteria according to Sections 144.25 through 144.250 in conjunction with the reimbursement methodology found at 89 Ill. Adm. Code 146.225 Section 144.275.
b)(c)	Reimbursable services under this Section do not include services to maintain generally independent individuals who are able to function with little supervision or in the absence of a continuous active treatment program.

NOTICE OF PROPOSED AMENDMENTS

Section 144.5(c) (continued)

AGENCY NOTE:--OBRA-87 requirements prohibit the admission of individuals with a primary diagnosis of mental retardation into non-ICF/DD non-ICF/MR facilities. Therefore, SNF/PED facilities which meet ICF/DD-ICF/MR certification requirements will be certified ICF/DD-ICF/MR by December 31, 1989, in order to comply with federal law when admitting individuals with mental retardation. The certification classification, SNF/PED, will not be in use after December 31, 1989. Facilities which undergo certification conversion from SNF/PED to ICF/MR may retain State licensure for skilled care.

Section 144.25 Active Treatment Service Requirements in Residential Facilities for Individuals with Developmental Disabilities

- a) Facilities for individuals with developmental disabilities (ICF/MR) must provide a continuous active treatment program for each individual, as required by federal regulation (42 CFR 483.440, 1989). This program is directed toward:

- 1) the acquisition of behaviors and skills necessary to enable the individual to function with the greatest possible level of self determination and independence, physically, intellectually, socially, and vocationally, and
- 2) the prevention or deceleration of regression or loss of current optimal functional status.

- b) The active treatment program for each individual is delivered through the implementation of an individualized program plan (IPP) consisting of interventions and services which are designed to meet the individual's needs with continuity across all of the environments in which the individual lives. The IPP is a comprehensive plan whose behavior and developmental skill interventions are consistently implemented throughout the day, regardless of the individual's whereabouts.

- c) The IPP is developed by an interdisciplinary team (IDT) (42 CFR 483.440, 1989, 89-Ill.-Adm.-Code-146.225(b)(2)(B) and Section 144.275(b)(2)(B)), that represents the professions, disciplines or service areas that are relevant to identifying and prioritizing the individual's needs, and designing programs to address the identified needs.

NOTICE OF PROPOSED AMENDMENTS

Section 144.25(c) (continued)

- 1) Each individual's active treatment program must be integrated, coordinated and monitored by a qualified mental retardation professional (QMRP) (42 CFR 483.430, 1989, 89-Ill.-Adm.-Code 146.225(b)(2)(A)) and Section 144.275(b)(1).
- 2) Each component of the individual's IPP, including developmental training conducted in the facility or off-site, must be coordinated with, correspond to and/or complement all other components (42-CFR-483.30(a), 1989).

Section 144.50 Inspection of Care (IOC) Review Criteria for the Evaluation of Active Treatment Services in Residential Facilities for Individuals with Developmental Disabilities

- a) Medicaid facilities for individuals with developmental disabilities (ICF/MR) must address all needs of each individual through a continuous active treatment program. The interdisciplinary team (IDT) is a key component in a facility's ability to develop an appropriate program of active treatment for each individual in residence. The responsibility for the composition and quality of the IDT rests solely with the licensed provider. Further, a facility is fully responsible for ensuring the delivery to each individual of all criteria in Sections 144.75 thru through 144.250 which are deemed necessary by the IDT in the program of active treatment services for that individual.

- b) The Inspection of Care review criteria found in Sections 144.75 thru through 144.250 are used to assess facility performance in meeting the variable needs of individuals with developmental disabilities through individualized programs of active treatment. The criteria identified in this Section these Sections constitute the essential elements of active treatment.

Section 144.75 Comprehensive Functional Assessments and Reassessments

- a) Comprehensive Functional Assessments

The interdisciplinary team (IDT) will identify the individual's needs by performing an accurate assessment as needed to supplement the preliminary evaluation conducted prior to admission to a residential facility (ICF/MR).

Section 144.125 Specialized Care - Behavior Development Programs

- a) Adaptive behaviors are actions and responses which are productive and appropriate. Maladaptive behaviors are actions and responses which are nonproductive and/or inappropriate. Although maladaptive behaviors are generally described as nonproductive and inappropriate, in some cases, an individual's inappropriate behavior may be productive, given the social or environmental context of a particular activity. Behavior development refers to both the reduction in maladaptive behaviors and the increase in adaptive behaviors. A behavior program instituted because of maladaptive behaviors must also include the development of adaptive behaviors. Additional reimbursement is paid for an individual who needs and receives specialized care for a behavioral disability (89-III-Adm--Code 146-236(b)(3)(A) Section 144.275(c)(1)), when the individual's behavior development program meets the criteria in this Section, subsection (e)(1).

- b) A determination regarding an individual's behavior patterns is based upon direct and documented observations of his/her actions and responses. A behavior development program may be instituted following the assessment and recommendation of the IDT. The

individual for whom the program is prepared must be assessed according to a standardized, Department approved assessment instrument (89-III-Adm--Code-146-236(b)(1)(A) and (B) Section 144.275(a)(1)(A)(i) and (ii)), and diagnosed according to the Staff Intensity Scale For Maladaptive Behaviors, Illinois Department of Public Aid, Office of Health Finance (1985), see Appendix A (Section 144, Table B). Behavior development programs are structured programs developed by, or approved by a Psychologist QMRP. Staff involved in the delivery of the structured program must be trained in the delivery of behavioral programs. A behavior program is part of the individual's IPP, and therefore, must be reviewed by the IDT annually or more frequently as needed. A behavior development program must include the following:

- 1) specified maladaptive behavior(s) to be eliminated, if any;
- 2) specified adaptive behavior(s) to be developed;
- 3) specifications regarding all aspects of the program techniques;
- 4) a reinforcement plan, including schedule, frequency and type of reinforcement;
- 5) a data collection system that specifies the mechanisms for recording program delivery and includes the program's estimated intervention time (for delivery of reinforcers and staff/client interaction) in order to maintain quality control;
- 6) a planned orderly intervention procedure in the case of crisis intervention, which is designed to be the least restrictive given the target behavior and the individual's pattern of behavior. A crisis is an incident which requires physical intervention (and perhaps ultimately chemical intervention) to control behavior that jeopardizes the well being and safety of self or others, or is destructive of property;
- 7) when psychotropic medications are required with a behavior development program, the preceding steps outlined in subsections (b)(1)-(5) must be adhered to;
- 8) specified projective review date for the IDT to analyze progress; and
- 9) if and when aversive techniques are used, they must be approved by the Behavior Management or Human Rights Committee (see

DEPARTMENT OF PUBLIC AID

NOTICE OF PROPOSED AMENDMENTS

Section 144.125(b)(9) (continued)

subsection (e)) with safeguards to protect individuals' rights and safety.

- c) An individual's IPP shall include behavioral techniques and methodologies which provide reinforcement for previously acquired adaptive skills.
- d) The facility must develop and implement written policies and procedures that govern the management of inappropriate behavior of individuals. Aversive techniques which are employed to modify an individual's inappropriate behavior must be an integral part of the IPP, and must be designed to lead to less restrictive means of managing and eliminating the inappropriate behavior. Incidents which require crisis intervention constitute exceptions to this last statement (see subsection (d)(2)). Facilities must comply with Medicaid Regulations when employing aversive techniques (42 CFR 483.450, 1989).

1) Time-out Rooms

The use of a time-out room, from which egress is prevented, is permitted only when the following conditions are met:

- A) the individual is under the continuous visual supervision of designated staff;
- B) the door to the time-out room is held shut by continuous staff engagement;
- C) placement in a time-out room may not exceed one hour;
- D) an individual in a time-out room must be protected from hazardous conditions; and
- E) a record of time-out activities is kept.

2) Physical Restraints

A) Physical restraints may be used as an integral part of an individual's IPP, or as an emergency measure, but only if absolutely necessary:

- i) to protect the client and/or others from injury; and
- ii) as a health-related protection if prescribed by a physician.

DEPARTMENT OF PUBLIC AID

NOTICE OF PROPOSED AMENDMENTS

Section 144.125(d)(2) (continued)

B) The following guidelines must be adhered to with respect to the usage of physical restraints:

- i) authorization to use or extend the use of restraints in an emergency must be in effect for no longer than 12 consecutive hours, and such authorization (physician order) must be obtained as soon as the client is stable;
- ii) the facility may not issue orders for restraints on a standing, or as needed, basis;
- iii) an individual placed in restraints must be checked by staff at least every 30 minutes. Further, the individual must be released from the restraints as soon as possible (the individual no longer poses a threat to self or others);
- iv) the individual in restraints must be afforded the opportunity for motion and exercise for a period of not less than 10 minutes during each two hour period of restraint usage;
- v) barred enclosures, if used as a restraint device, must not exceed three feet in height, and must remain open on top; and
- vi) a record of all activities relating to the use of physical restraints, including the individual's response to such usage, must be kept.

AGENCY NOTE: Facilities must comply with applicable regulations regarding restraint and seclusion as defined in Sections 1-125, 1-126, 2-108 and 2-109 of the Mental Health and Developmental Disabilities Code (Ill. Rev. Stat. 1991 1987, ch. 91 1/2, pars. 1-125, 1-126, 2-108 and 2-109) [405 ILCS 5/1-125, 5/1-126, 5/2-108, and 5/2-109].

3) Drug Usage (Chemical Restraints)

- A) When drug usage is a required component of a behavior program, steps 1-5 under subsection (b) Specialized Care-Behavior Development Programs, must be adhered to.
- B) Drugs as prescribed by a physician, can be used to control inappropriate behavior if:

DEPARTMENT OF PUBLIC AID

NOTICE OF PROPOSED AMENDMENTS

Section 144.125(d)(3)(B) (continued)

- i) approved by the IDT as an integral part of the individual's IPP that is directed toward the reduction/ elimination of the behavior for which the drugs are employed;
- ii) the drug dosage does not interfere with the individual's daily living activities;
- iii) there is documentation to justify that the harmful effects of the inappropriate behavior clearly outweigh the potentially harmful effects of the drugs;
- iv) the individual receiving the drug(s) is closely monitored for desired responses and adverse effects by facility staff, and in conjunction with the prescribing physician and the drug regimen review requirement at 42 CFR 483.460(j), 1989; and
- v) a carefully monitored program of gradual withdrawal is imposed at least annually for each drug prescribed, in conjunction with the IDT, unless such withdrawal is contraindicated by clinical evidence.

e) Behavior Development Program Levels

- 1) Behavior development programs under Specialized Care are related to maladaptive behaviors which occur with high frequency and/or great severity. A behavior development program, including the use of psychotropics, which is developed for Specialized Care, must meet all Federal and State requirements including, but not limited to, development by the IDT, review and approval by a Behavior Management Committee (or Human Rights Committee) as required by 42 CFR 483.440(f)(3), 1989 and approval by the individual or guardian, if the individual is not capable of providing informed consent. The behavior development program developed by the IDT must demonstrate the need for a use of a more intensive staffing pattern (direct care staff) than that pattern which is reimbursed for under 89-III--Adm--Code, Section 146-225(b)(4) 144.275(a)(1). Additional staff time provided under Specialized Care is a response to a necessary increase in staff intensity identified in the behavior development plan when other attempted interventions have failed, such as environmental changes or changes in the pattern of activities throughout the day. Specialized Care is not provided based solely on the frequency or severity of the individual's maladaptive behavior.

DEPARTMENT OF PUBLIC AID

NOTICE OF PROPOSED AMENDMENTS

Section 144.125(e) (continued)

- 2) Behavior development program services under Specialized Care do not preclude the individual's participation in regular training services, activities and therapies as part of a comprehensive active treatment program.
 - 3) The IDT provides highly specific guidelines for the individual's behavior development program relative to treatment methodology, services needed, and staff needed to deliver interventions. All behavior development programs must adhere to the program steps in this Section, subparagraph b).
- A) Level I - Behavior development program services are delivered by staff specifically trained in the delivery of the prescribed interventions. Behaviors occur with high frequency but moderate severity, i.e., verbal abuse one or more times per 4 hours which is hostile in tone or content including threats or screaming, or pica occurring once per 4 hours in volumes small enough to be non-life threatening. Examples of staffing pattern changes: The staffing pattern for persons with mild mental retardation increases from the regular pattern of 1:6.8 to 1:4.8, and for persons with severe-profound mental retardation from 1:4.8 to 1:3.7.
 - B) Level II - Behavior development programs are delivered by staff trained in the delivery of each individual's intervention plan. Individuals receive personalized intervention, such as individual counseling or some one-to-one intervention. Behaviors occur with high frequency, and are aggressive or destructive, such as purposeful attacks of others resulting in minimal injuries one or more times per day. Examples of staffing pattern changes: The staffing pattern for persons with mild mental retardation increases from the regular pattern of 1:6.8 to 1:3.7, and for persons with severe-profound mental retardation from 1:4.8 to 1:3.
 - C) Level III - Behavior development programs are delivered by staff who are specifically trained to deliver the interventions. Generally, staff may be assigned to accompany the individual throughout the shift. One-to-one intervention is common. Behaviors occur with very high frequency, such as hyperactivity one or more times per minute, or occur with high frequency and are aggressive, assaultive or destructive, such as pica (daily consumption

of life threatening materials), or daily physical assault resulting in injuries requiring medical attention. Examples of staffing pattern changes: The staffing pattern for persons with mild mental retardation increases from the regular pattern of 1:6.8 to 1:2.5, and for persons with severe-profound mental retardation from 1:4.8 to 1:2.

DEPARTMENT OF PUBLIC AID

NOTICE OF PROPOSED AMENDMENTS

Section 144.175 Functional Needs

Functional needs are the basic needs of all persons. All functional needs of each individual residing in an ICF/MR must be addressed. The individual's IPP must provide a current assessment of his/her developmental level in each area of functional need. On the basis of the assessment outcome, the IPT determines if each area of an individual's functional needs can be addressed independently by the person, or is to be addressed as a service need or through a training program. The IPP specifies the individual's level of dependence/independence, types of assistance needed, and developmental skill interventions (programs) designed to increase functional independence. The IPP shall address skill maintenance if the individual demonstrates any skill regression or loss of functional status. The individual's preferences shall also be acknowledged (i.e., tub or shower bathing). Additional reimbursement is paid for an individual who needs and receives partial or total assistance in meeting functional needs (89-111--Adm--Code-146-225(b)(3) Section 144.275(c)(2)). This reimbursement is provided only when an individual meets the criteria for mobility assistance and/or high personal care under Specialized Care-Health and Sensory Disabilities (Section 144.150(b)-and-(c) and (d)). The functional needs of all individuals are:

- a) Bathing
Bathing means bathing all, or some part of the body, including the hair, whether the bath occurs in a tub, shower, or bed.
- b) Clothing
Clothing means total dressing and undressing, including stockings or socks and shoes.
- c) Eating
Eating means to consume or assimilate food or nutrients to fulfill nutritional needs. Eating includes both oral and tube feedings.
- d) Grooming/Personal Hygiene

Section 144.250 Discharge Planning/Maximum Growth Potential Plan

- a) Standards set forth in Medicaid Regulations (42 CFR 435.1009, 1989) require that the need for services of a facility (ICF/MR) for a person with developmental disabilities must be established through an assessment which demonstrates that the individual:

- 2) Has substantial functional limitation in three or more of the following areas of major life activity, as defined in 89 Ill. Adm. Code 140.642,--Long-Term-Care-Screening-Assessment (g) and 140-Table H:

- A) self care;
- B) understanding and use of Language;
- C) learning;
- D) mobility;
- E) self-direction; and
- F) capacity for independent living.

NOTICE OF PROPOSED AMENDMENTS

Section 144.250 (continued)

- b) According to Medicaid Regulations (42 CFR 483.440 (a)(1)-(2) and (b), 1989), an individual who resides in a facility (ICF/MR) and does not meet the foregoing residence requirements must be discharged to a non-Medicaid facility or other living arrangement. If the facility has attempted to secure an appropriate living arrangement as determined by the IDT for the individual, but such a placement is not available, the facility must document all attempts at discharging the individual. The individual in this case may remain in the facility until an appropriate placement becomes available.

- c) Thirty-days following admission, a maximum growth potential plan must be developed by the IDT as a component of the individual's IPP. The maximum growth potential plan is an overall plan which identifies the deficits in the six areas of major life activity (see 89 Ill. Adm. Code 140.642(g)(1) and 140.642(h) which prevent the individual from moving into a less restrictive setting. The support services necessary for the individual to attain his/her maximum growth potential must be identified. Specific information is included regarding the individual's need for supervision. The plan addresses the acquisition of behaviors necessary for the individual to function with enough self-determination and independence to successfully move into a less restrictive environment.

- d) The specific discharge plan is a component of the maximum growth potential plan. A discharge plan identifies the following:

- 1) the specific facility or setting the individual will be moved to, and
- 2) the specific areas which need to be addressed prior to the move, such as:
 - A) transportation needs
 - B) orientation to the new setting
 - C) the actual moving date
 - D) planned meetings with the receiving facility/environment
 - E) family/friendship considerations

- e) Prior to the individual's discharge, the facility must discuss the upcoming change with the individual and his/her family, guardian or advocate. The facility should also inform them of community services

Section 144.250(e) (continued)

which will be available to the individual in his/her new environment after discharge.

- f) In conformance with high standards relative to facility practices, the individual's discharge plan should include a plan for an ongoing follow-along process for at least three months after discharge to insure that the new living environment is responsive to the individual's needs. However, the Department's IOC Program does not provide for review of this component of discharge planning.

- g) At the time of discharge, the facility must:

- 1) prepare a discharge summary of the individual's developmental, behavioral, social, health, and nutritional status, as well as recommendations for future programming and follow-up services; and
- 2) provide a post-discharge plan of care to the individual's new living environment, to assist him/her to adjust successfully to that environment.

a) Each non-homestead exemption application submitted for review, other than applications submitted by or on behalf of the United States or the State of Illinois, must be accompanied by an affidavit containing facts pertaining to the use of the property described in the application as well as by at least one photograph of said property.

ab) Whenever a Board of Review or Appeals in any county determines that any property is or is not liable to taxation, and when the question as to the liability of such property to taxation has not previously been judicially determined or there has been a change in ownership or use of such property since the last such previous determination, it shall be the duty of the Board of Review or the County Assessor under the direction of the Board of Appeals, as the case may be, to make out and forward to the Department a full and complete statement of all the facts in the case on Form No. P.T.A.B. 300, except that reports of homestead exemption approvals shall be made on Form No. P.T.A.B. 327.

bc) Every such statement to the Department shall be accompanied by a copy of the complaint or exemption application filed with the Board of Review or Appeals and a copy of the document evidencing ownership of the property in question by the applicant for exemption.

1) Additional supporting documents, such as affidavits and copies of articles of incorporation, charters or financial reports, shall be supplied where necessary for determination of exemption or requested by the Department.

2) Every such statement to the Department shall contain the signature of the clerk of the Board of Review or signatures of the members of the Board of Appeals, as the case may be, and the date of the Board's action.

ed) Statements made out and forwarded to the Department by a County Assessor under the direction of a Board of Appeals shall be made in triplicate, the original being forwarded to the Department and two copies retained by the County Assessor, one of which shall be used for the files of the Board of Appeals.

NOTICE OF PROPOSED RULEMAKING

de) Statements made out and forwarded to the Department by a Board of Review shall be made in duplicate, the original being forwarded to the Department and the copy retained by the Board of Review.

ef) If approved by the Department or a court of appropriate jurisdiction, a parcel receiving a non-homestead exemption shall not be removed from the property rolls, but shall instead be retained on the assessment listing. Approved parcels shall be coded exempt or in some other way identified as being a non-homestead exemption. All coding or identification shall be made in such fashion that the general public may readily discern the exempt status of the property. An Exemption Approval Certificate (P.T.A.B. Forms 302 and 304) will be issued to the petitioner whenever the Department approves real estate for a property tax exemption pursuant to Section 108(6) or Section 119 of the "Revenue Act of 1939". Copies of the approval certificate will be mailed to the Clerk of the Board of Review or Board of Appeals, as the case may be, and to the County Clerk.

g) Any aggrieved party to a Department decision on an exemption application shall file a written petition for hearing with the Department within 20 days after the decision has been rendered and notice thereof given by certified mail. Petitions for hearing shall state concisely the mistakes alleged to have been made or the new evidence to be presented. No action for judicial review of any exemption decision by the Department shall be allowed unless the party commencing such action has timely filed a petition for hearing and the Department has acted upon said petition. Duplicate applications for exemption filed during a single assessment year with respect to the same parcel or parcels of property are not a permissible substitute for a timely filed petition for hearing on the Department's decision regarding an original application for exemption. Duplicate applications will be rejected. A subsequent application for exemption filed during a single assessment year alleging a change in use for a portion of property considered in a previous application is not a duplicate application for exemption.

fh) When non-homestead exemption records are destroyed by the county pursuant to the "Local Records Act" (Ill. Rev. Stat. 1991, ch. 116, part. 43.101 et seq.), the original copies of Department Exemption Approval Certificates (P.T.A.B. Forms 302 and 304) shall be retained for each parcel remaining exempt. In lieu of Exemption Approval Certificates destroyed prior to the effective date of these provisions, and in response to the Department's exemption field audits, the Clerk of the Board of Review may provide copies of the disposal records together with a signed affidavit attesting to the specific exemption approvals destroyed, by

property and year of exemption. Such disposal record and affidavit shall serve in place of the Approval Certificate for purpose of the Department's authority granted pursuant to Section 121a of the "Revenue Act of 1939".
